

1

ABSTRACT OF THE DISCLOSURE

2 Disclosed is a display apparatus including a front cover, a rear cover coupled the front cover
3 and forming an accommodating space, a display panel disposed inside the accommodating space,
4 a main PCB having a signal processor and transmitting a video signal to the display panel, and a
5 PCB supporting member supporting the main PCB. The display apparatus includes a TV tuner unit
6 having a TV tuner receiving the TV video signal, a casing accommodating the TV tuner, and a
7 connector electrically connected with the TV tuner, a tuner unit accommodating part accommodating
8 the TV tuner unit, and a connection port provided at the tuner unit accommodating part for
transmitting the TV video signal from the TV tuner unit to the signal processor.
